PROFILE

Motivated Python Developer with hands-on experience in building scalable applications, cloud solutions, and AI/ML integrations. Proficient in Python, SQL, and PostgreSQL, with a solid foundation in web technologies including HTML, CSS, and XML. Demonstrates a strong understanding of the software development lifecycle, version control practices, and database optimization techniques. Experienced in designing and deploying applications on Google Cloud Platform (GCP) and developing AI-powered solutions such as Retrieval-Augmented Generation (RAG) chatbots and Natural Language-to-SQL agents. Adept at translating complex business requirements into efficient, high-quality technical solutions, automating workflows, and delivering robust, data-driven applications.

PROFESSIONAL EXPERIENCE

Python Developer

Cravit India PVT. Ltd

03/2024 – Present

Ahmedabad, Gujarat, India

- Designed and deployed a responsive, high-performance business website with interactive UI/UX, optimized SEO, secure forms, and dynamic front-end components using HTML, CSS, JavaScript, Bootstrap, and modern web development best practices.
- Created a Python-based AI agent that converts natural language queries into SQL statements and returns human-readable insights, integrating with PostgreSQL/MySQL databases and using LLMs and prompt engineering techniques.
- Developed a Python- and Odoo-based healthcare management system to streamline dental treatment plans, appointment scheduling, billing, patient records, and automated reporting using PostgreSQL, REST APIs, HTML, and CSS.
- Designed and deployed a scalable serverless analytics dashboard on Google Cloud Platform with automated ETL pipelines, real-time data visualization, and IAM-based security using BigQuery, Cloud Functions, Cloud Storage, Data Studio, and Python.
- Developed an AI-powered intelligent support system using LLMs and RAG architecture to deliver context-aware responses with document ingestion, embedding retrieval, and NLP preprocessing using Python, LangChain, ChromaDB, and NLP techniques.

EDUCATION

Bachelors of Engineering

Apollo Institute of Engineering and Technology

2020 – 2024

Ahmedabad

SKILLS

Programming, Frameworks & Development

- Python, Django, Flask, HTML, CSS, XML
- LLM, RAG, LangChain, Prompt Engineering
- Odoo Development, Odoo Framework
- GCP – Deployment, Environment Management & Production Support
- Git, GitHub, Docker (*basic*)

Databases

PostgreSQL, SQL

Business & ERP Skills

- Business Workflow Automation
- Odoo ERP Customization
- Report & View Customization
